THE PARTNERSHIP FOR RURAL
AMERICA CAMPAIGN

2010

Overview of the Secure Rural Schools & Community Self-Determination Act (SRSCA)

The Secure Rural Schools & Community Self-Determination Act is a contract providing assistance to rural counties (counties) and school districts affected by the decline in revenue from timber harvests on federal lands.

Historically, rural counties have relied on a share of receipts from timber harvests to supplement local funding for education

services and roads.

The steep decline in federal timber sales decreased the revenues that rural counties and school districts received from these timber sales.

In response, Congress passed the "Secure Rural Schools & Community Self-Determination Act" to stabilize the payments to counties and to compensate for lost revenues.

In 2010, SRSCA will provide approximately \$405 million in funding to 729 rural counties and school districts across the United States.

Reauthorization of SRSCA is critical for resource constrained rural Alabama counties, schools and communities.
